

As a citizen of the United States & a resident of the state of New Jersey, I am writing you to NOT overturn New Jersey's "Do Not Call" Law. I am a hardworking individual and I value my free time with my family in the comfort of my own home. I get very annoyed with individuals or companies who disrupt that time with trying to sell me something that I have no interest in. As an avid consumer, if there is something I want or need to purchase, I will seek out that product or service either by going to a store, searching the internet or making a call, I do not need to be disturbed in the privacy of my own home by someone calling me on the phone or coming to my door.

In the past the telemarketing calls were ridiculous, absolutely out of hand! Whereas now, we still receive telemarketing calls on a daily basis but with the law that New Jersey has put into effect they are much more manageable & a lot less annoying. So please DO NOT overturn New Jerseys "Do Not Call" Law.
